

Get Back On The Water

PLAN AHEAD

- Currently, advice means you should only plan to be with members of your immediate household.
- Pack face coverings, hand sanitiser, disinfecting wipes, disposable gloves and any PPE that supports your needs.
- Familiarise yourself and your party with the marina's latest safety protocols before you leave home.
- Ensure your vessel is seaworthy and the forecast is suitable, minimising any need for emergency services to be mobilised.
- Have a plan before you go, check your safety equipment thoroughly and stay within your limits and experience.
- Get ready to enjoy the world class sailing waters of the West Coast of Scotland.

BACK ON THE WATER

- Keep your distance even on the water!
- Don't raft up or tie up too close to other boats.
- Be considerate of others and be responsible on the water to minimise risk.
- If in doubt, don't go out – protect our emergency services and first responders.
- Enjoy yourselves!

AT THE MARINA

- Follow the safety signage and remind yourself and your party of the marina's Safety Protocols – these will be available on their website.
- Always maintain a 2m social distance from marina staff and other visitors.
- The use of face masks and disposable gloves are advised when moving around the marina
- Don't touch other boats, lines or other equipment and don't step aboard any other vessels.

HOMEWARD BOUND

- Don't stay overnight on your boat.
- When returning to the marina remember the Safety Protocols.
- Leave your boat safely secured to minimise risk to marina staff and others.
- Start planning your next day out back on the water!

Please remember to follow Scottish Government guidelines at all times – visit www.Gov.Scot
